Rehabilitation Technology (RT): Service Overview

Rehabilitation Technology (RT) means the systematic applications of technologies, engineering methodologies, or scientific principles to meet the needs of, and address the barriers confronted by individuals with significant and most significant disabilities (including cognitive, physical, and mental impairments), in areas of employment, education, and independent living for individuals referred to by DVR. DVR may require RT to determine eligibility for VR Services, to determine VR needs and/or to address the barriers confronted by individuals with disabilities to prepare for, secure, retain, regain, or advance within employment.

The goal for RT services for VR Clients is to increase, maintain, or improve functional capabilities of individuals with disabilities to the extent required to determine their eligibility for VR services, to determine VR needs, and to prepare for, secure, retain, or advance within their employment.

Rehabilitation Technology (RT): Service Overview (cont.)

Rehabilitation Technology include:

- **Rehabilitation Engineering:** Involves the application of engineering disciplines, mathematics, physical science, life sciences, analysis, and logical problem solving to maximize the abilities and independence of individuals with disabilities.
- **Assistive Technology (AT) and Assistive Technology Devices:** Any item, piece of equipment, or product system, whether acquired commercially off the shelf (COTS), modified, or customized, that is used to increase, maintain, or improve functional capabilities of individuals with disabilities.
- **Assistive Technology Services:** Any service that directly assists an individual with a disability in the selection, acquisition, or use of an assistive technology device.

Rehabilitation Technology (RT): Rates for Services

<u>Rehabilitation Technology</u>	
<u>Assistive Technology - Functional Assessment</u>	
Payment Rate	\$600.00
<u>Consultation and Planning</u>	
Payment Rate	\$250.00
<u>Rehabilitation Technology - Training</u>	
Hourly Payment Rate	\$150.00

Assistive Technology - Functional Assessment: Purchase Order

- Payment for the authorized Assistive Technology - Functional Assessment will be made based on the following:
 - The Payment Unit is one (1) complete Assistive Technology - Functional Assessment for one (1) VR Client.
 - Payment for an Assistive Technology - Functional Assessment includes a complete Functional Assessment Report (Exhibit H1) for one (1) VR Client.
- Assistive Technology - Functional Assessment will be authorized as a single PO, extending over three (3) calendar months

Consultation and Planning: Purchase Order

- Payment for the authorized **Consultation and Planning**, including conducting the Consultation and Planning Meeting, will be made based on the following:
 - The Payment Unit is one (1) Consultation and Planning Meeting between the VR Client, VR Client's Representative/Guardian (if applicable), VR Counselor, and Vendor.

 - Separate Service Line for first month of Rehabilitation Technology – Training (e.g., 07/01/2026-07/31/2026)

Rehabilitation Technology - Training: Purchase Order

Payment for the authorized **Rehabilitation Technology - Training**, including creating the Assistive Technology Action Plan (Exhibit H2), will be made based on the following:

- The Payment Unit for authorized **Rehabilitation Technology - Training** for one (1) VR Client is one (1) hour, which equals sixty (60) minutes of actual time spent providing Rehabilitation Technology - Training to one (1) VR Client. A partial hour may be billed in increments of a quarter of an hour (15 minutes). The Vendor may round the total time spent with the VR Client to the nearest quarter of an hour (15 minutes). Example: 22 hours and 15 minutes = 22.25 hours; 22 hours and 30 minutes = 22.5 hours; 22 hours and 45 minutes = 22.75 hours.
- The Vendor shall bill only for time spent providing services for **Rehabilitation Technology - Training** that last longer than fifteen (15) minutes:
 - Training VR Clients, their co-workers, family members, personal attendants, or other appropriate support persons; and
 - With VR Counselors face-to-face, by video conference, or by phone calls to discuss specific issues pertaining to VR Client(s).

Rehabilitation Technology - Training: One (1) PO issued per calendar month; DVR may issue three (3) months' worth of PO's to avoid gaps in service
